It was first published in two volumes in 1890; in three volumes in 1900; the third edition, published 1906-15, comprised twelve volumes. The work was aimed at a wide literate audience raised on tales as told in such publications as Thomas Bulfinch's *The Age of Fable*, or *Stories of Gods and Heroes* (1855). Frazer offered a modernist approach to discussing religion, treating it dispassionately as a cultural phenomenon rather than from a theological perspective. The influence of *The Golden Bough* on contemporary European literature and thought was substantial.
